FINANCIAL AID POLICY AND PROCEDURE

What is A Federal Pell Grant?

A federal Pell Grant, unlike a loan, does not have to be re-paid. Pell Grants are awarded only to undergraduate students who have not earned a bachelor's or professional degree. (A professional degree would include a degree in a field such as pharmacy or dentistry). In some cases, you might receive a Pell Grant for attending a post-baccalaureate teacher certificate program.

For many students, Pell Grants are usually a foundation of financial aid, to which aid from other federal and nonfederal sources might be added.

How Do I Qualify?

To determine if you're eligible financially, the U.S Department of Education uses a standard formula, established by Congress, to evaluate the information you report when you apply. The formula produces an Expected Family Contribution (EFC) number. Your Student Aid Report (SAR) contains this number, in the upper right-hand corner of page 1. This number will determine if you're eligible for a Pell Grant and the award amount.

You will need to complete the **FAFSA** to be eligible for financial aid.

STUDENT ELIGIBILITY REQUIREMENTS

To be eligible for financial aid, a student must:

- . be admitted as a regular student.
- . be enrolled or accepted for enrollment in an eligible program on at least a half-time basis.
- . be a citizen or an eligible non-citizen.
- . not owe a refund on a Federal Pell Grant or FSEOG at any school
- . not be in default on the Federal Perkins Loan or Federal Stafford Loan/FSLs/FPLUS at any school.
- . have financial need.
- . be making satisfactory progress (as defined by the school's policy) in the course of study.
- . be registered for selective service (if a male born on or after January 1, 1960)
- . have a signed statement of educational purpose.
- . have a signed statement of updated information.
- . have a High School diploma, a GED, or have demonstrated the ability to benefit.
- . agree to use any Federal student aid received solely for educational purposes.

Conviction for possession or sale of illegal drugs.

A Federal or state drug conviction can disqualify a student for FSA funds. The student self-certifies in applying for aid that he/she is eligible; Washington Barber College, Inc. is not required to confirm this unless there is evidence of conflicting information.

A conviction that was reversed, set aside, or removed from the student's record does not count, nor does one received when the student was a juvenile, unless she/he was tried as an adult.

The Chart below illustrates the period of ineligibility for FSA funds, depending on whether the conviction was for sale or possession and whether the student had previous offenses. (A conviction for sale of drugs includes convictions for conspiring to sell drugs).

	Possession of illegal drugs	Sale of illegal drug
1 st offense	1 year from date of conviction	2 years from date of conviction
2 nd offense	2 years from date of conviction	Indefinite period
3+offenses	Indefinite period	

If the student was convicted of both possessing and selling illegal drugs, and the periods of ineligibility are different, the student will be ineligible for the longer period.

A student regains eligibility the day after the period of ineligibility ends or when he/she successfully completes a qualified drug rehabilitation program. Further drug convictions will make him/her ineligible again.

When a student regains eligibility during the award year the institute may award Pell and Campus-based aid for the current payment period and Direct Loans for the period of enrollment.

Standards for a qualified drug rehabilitation program

A qualified drug rehabilitation program must include at least two unannounced drug tests and must satisfy at least one of the following requirements:

- Be qualified to receive funds directly or indirectly from a federal, state, or local government program.
- Be qualified to receive payment directly or indirectly from a federally or state-licensed insurance company.
- Be administered or recognized by federal, state or local government agencies or court.
- Be administered or recognized by a federally or state-licensed hospital, health clinic, or medical doctor.

B. Incarcerated students:

A student is considered to be incarcerated if she/ he is serving a criminal sentence in a federal, state, or local penitentiary, prison, jail, reformatory, work farm, or similar correctional institution (whether it is operated by the government or a contractor). A student is not considered to be incarcerated if she/ he is in half-way house, home detention, or is sentenced to serve only weekends. Our attendance policy specifies that all classes and practical studies are done at the Institute's physical location; therefore incarcerated students are not eligible for admissions.

FINANCIAL AID ELIGIBILITY/CITIZEN/ELIGIBLE NON-CITIZEN

You must be one of the following to receive Federal student aid:

- . A U.S. citizen
- . A U.S. national
- . A U.S. permanent resident who has an I-151 or I551 (Alien Registration Receipt card) Departure Record (I-94) from the U.S. Immigration and Naturalization Service (INS) showing one of the following designations:

COMPLIANCE STATEMENT

The Federal Privacy Act of 1974 requires that students be notified that the disclosure of his/her social security number is mandatory. The social security number is used to verify, process the awarding of funds, collection of funds, and the tracing of individuals who have borrowed funds from federal, state, or private programs. When Do I Apply?

Apply as early as January 1st. (**You can't apply before this date.**) It's easier to complete the application when you already have your tax return for the year end, so you may want to consider completing your tax return early as possible. If you have not applied, you can always apply before June 30th of the following year.

Note: You must reapply for federal aid every year. Also, if you change schools, your aid doesn't go with you. Check with your new school to find out what steps you must take to continue receiving aid.

NATIONAL STUDENT LOAN DATA SYSTEM

www.nsls.gov

Federal Subsidized

Stafford Loans: Student and Parent borrowers have access to NSLDS using their Federal FSA ID. The National Student Loan Data System (NSLDS) is the U.S. Department of Education's (ED's) central database for federal student aid. NSLDS receives data from schools, guaranty agencies, the Direct Loan program, and other Department of Ed programs. Visit NSLDS for information regarding your federal student loans, including your servicer(s).

Federal Unsubsidized

Stafford and PLUS Loans: [Stafford Unsubsidized Loans](#) are federally guaranteed loans that are *not* based on financial need. Interest does accrue from the time the loan is disbursed to the school. Additionally, there are maximum amounts you can receive per school year for dependent and independent students.

PRINCIPLES OF FINANCIAL AID

1. This school will work with other schools, community groups, and other educational institutions in support of the national goal of equality of educational opportunities.
2. **Expected family contribution towards the student's cost of education:** This school expects parents to contribute financially, according to their means; taking into account their incomes, assets, number of dependents, and other relevant information. Students are also expected to contribute from their own earnings and assets, including borrowing against future earnings.
3. Financial aid will be offered after determining whether the family's resources are sufficient or insufficient enough to meet the student's educational expenses. The amount of aid offered will not exceed the amount needed to meet the difference between the student's total educational expenses and the family's resources.
4. In awarding funds to eligible students, the amount and the type of self-help will be related to the circumstances of the individual and the largest amount of grant assistance will be offered to students with the least ability to pay.

DEPENDENT STUDENT:

Is an individual that does not meet the Independent student criteria. This student is required to submit with his/her application student, spouse (if applicable) and parental income and assets data.

INDEPENDENT STUDENT

Is an individual who meets one of the following criteria:

1. An individual that will be at least 24 years old by December 31 of the award year.
2. At any time since the student was 13: 1) both parents were deceased 2) student was in foster care or 3) was a dependent or ward of the court.
3. A veteran of the armed forces of the United States.
4. An individual with legal dependents other than a spouse.
5. A graduate or professional student who will not be claimed as an income tax exemption by his/her parents for the first calendar year of the award year.
6. A married person
7. A student who is currently serving on active duty in the US. Armed Forces for purposes other than training.
8. A person who has children, whom they will provide more than ½ the children's support.
9. The student is an emancipated minor.
10. The student is in a legal guardianship.
11. The student is an unaccompanied youth who was homeless.
12. The student was a homeless youth at risk of being homeless.
13. A person whom has been determined by the aid administrator to be independent because of unusual circumstances.

PARENT(S)

For purposes of the financial aid programs, "parent" is the biological mother and/or father or adoptive parents. Not foster parents.

EXPECTED FAMILY CONTRIBUTION (EFC)

EFC is the amount that has been calculated to offset the students cost of attendance. Tuition is \$18,500 for the Barber program and \$8500 for the Barber Instructor program.

NEED

Financial need is the amount left over after subtracting the expected family contribution from your cost of attendance.

DETERMINING NEED

The U.S. Department of Education approves the Expected Family Contribution formula. This school uses it to compute the ability of the family to contribute to the cost of the student's training. Each year certain aspects of EFC are adjusted. This accounts for both actual inflation in the previous year and projects inflation for the next analysis year. The yearly Consumer Price Index (CPI) analysis determines inflation rates. Revision in FICA, federal, state, and local taxes reflect changes in the law and recently available IRS data.

The Federal Pell Grant uses the Federal EFC (Expected Family Contribution) number on the Student Aid Report (SAR) to determine the eligibility number obtained. This determines the student's (or family's) ability to contribute to the Cost of Attendance (COA). The EFC is subtracted from the COA, and the school awards financial aid to cover as much of the students

need as possible. The EFC bases need on information furnished in the Free Application for Federal Student Aid (FAFSA). The EFC number produced is for nine months for Dependent Students, and twelve months for Independent Students.

TRANSFER OF CREDIT POLICIES

The requirement to disclose transfer of credit policies does not create a legally enforceable right for a student to require a school to accept a transfer of credit from another school. School policies on transfer of credit, including the criteria it uses regarding the transfer of credit earned at another school and a list of any schools with which it has established an articulation agreement.

HEOA section 488(g) HEA section 485(h), Effective date: August 14, 2008.

We will take up to 600 hours from another school; the amount is dependent upon the director's discretion.

ARTICULATION AGREEMENTS

Washington Barber College, Inc. does not have any articulation agreements with any other institutions at this time.

TRANSFER STUDENT (NSLDS):

We will access the NSLDS record as it has all the pertinent information about a student's loan/financial aid history.

INTEGRATED VERIFICATION PROCESS

Federal regulations 34 C.F.R. Part 668, Subpart E, dated March 14, 1986, executing legislation 20 U.S.C. 1094 governing the Title IV programs require schools to be sure of certain applicant-reported data. These regulations require schools to develop written policies and procedures for verification. The school is required to make these policies available to all applicants for financial aid, as well as prospective students upon request. This procedure is a part of the Admissions and advising process. To follow the regulations and achieve consistency governing this process, the following verification policies apply to all applicants for Title IV programs. Under the regulations, the school will not disburse Federal Pell or Campus-Based aid until completion of verification.

WHO MUST BE VERIFIED

The policy of this school shall be to verify those students selected by the need analysis system for verification. In the absence of conflicting documentation, applications excluded from verification include:

- Legal residents of the Trust Territory of the Pacific Islands, Guam, American Samoa, and the Mariana Islands. This includes dependent students whose parents are also legal residents of one of these Islands.
- Dependent students whose parents are residing in a country other than the United States. This applies only if the student cannot contact the parents by normal means.

CONSEQUENCES OF FAILURE TO PROVIDE DOCUMENTATION WITHIN THE SPECIFIED TIME PERIOD(S)

If the student cannot provide all required documentation, the school can't complete the verification process within two weeks from the date of enrollment. The school must then advise applicants that they are not eligible for financial aid funds. The school then gives the applicants the following options:

The student may continue training on a cash payment basis.

The student may withdraw, and re-enroll at no additional charge. There will be no loss of credit earned, when the student provides all proof, and verification is complete.

If a Federal Pell Grant applicant has not processed Part 2 of the SAR within two weeks of enrollment, the school must advise them that they are not eligible for financial aid. The school will then provide applicants with the following options:

The student may continue training on a cash payment basis.

The student may withdraw, and re-enroll at no additional charge. There will be no loss of credit earned, when the student provides all proof, and verification is complete.

The applicant must repay any over award, or any award for which he/she was not eligible, discovered during verification.

INTERIM DISBURSEMENTS

The school may not make any interim disbursements. The student must complete verification before disbursement of all Title IV funds.

NOTIFICATION OF RESULTS OF VERIFICATION

The school shall notify the applicant of additional information/documentation needed for verification. This occurs through contact with the Financial Aid Officer, or by mailing to the applicant's resident address a VERIFICATION FOLLOW-UP form. This form indicates additional items needed. The school shall notify the applicant of any change in the originally computed Federal Pell Grant award.

How Much Money Can I Get?

Awards will depend on program funding. How much you will get will depend not only on your EFC but also on your **cost of attendance**, whether you're a full-time or part-time student, and whether you attend school for a full **academic year** or less. You may receive only one Pell Grant in an award year and you may not receive Pell Grant funds from more than one school at a time

How will I be paid?

Washington Barber College may credit the Pell Grant funds to your school account. Washington Barber College must tell you in writing how and when you'll be paid and how much your Pell Grant will be. Schools must pay you at least once per term (semester, trimester, or quarter). Schools that don't use formally defined, traditional, term must pay you at least twice per academic year.

DISBURSEMENT:

Occurs on the basis of per payment period via a check payable to the student or co-payable to the school and student. It is the students' responsibility to submit all forms and documentation to the financial aid office in accordance with the deadlines applicable to each program from which aid is requested.

ACADEMIC YEAR

The definition of the Academic Year for this institution is 900 clock hours in 26 weeks.

AWARD YEAR

The period of time between July 1 and June 30.

CLOCK HOUR (AS DEFINED IN THE FEDERAL REGISTER)

A 50 to 60-minute class, lecture or recitation: or

A 50 to 60 minute faculty supervised laboratory, shop training, or internship.

TREATMENT OF TITLE IV FUNDS WHEN A STUDENT WITHDRAWS FROM A CLOCK HOUR SCHOOL

The Bursar's Office is required by federal statute to calculate the percentage of earned Title IV Funds received or pending to be received and to return the unearned funds for a student who withdrew, was terminated or failed to return from an approved leave of absence. If a student fails to return from a Leave of Absence the Date of Withdrawal is the last day the student attended class before the Leave began.

Recalculation is based on the percentage of earned aid using the following Federal Return of Title IV funds formula:

Percentage of aid earned = the number of scheduled hours in the payment period completed up to the student's last date of attendance as per the school's attendance records, divided by the total clock hours in the payment period.

If this percentage is greater than 60%, the student earns 100% of the disbursed Title IV funds or aid that could have been disbursed.

If this percentage is less than 60%, then the percentage earned is equal to the calculated value.

Funds are returned to the appropriate federal program based on the percent of unearned aid using the following formula:

Aid to be returned = (100% minus the percent earned) multiplied by the amount of aid disbursed toward institutional charges. If a student earned less aid than was disbursed, the institution would be required to return a portion of the funds and the student may be required to return a portion of the funds. All Title IV funds that the institution must return will be made no later than 45 calendar days after the date the school determines that the student withdrew.

When Title IV funds are returned, the student may owe a balance to the institution.

If a student earned more aid than was disbursed to him/her, the institution must send written notification to the student (or parent for PLUS loan funds) to offer a post-withdrawal disbursement for any amount not credited to the student's account no later than 30 calendar days after the date that the school determines that the student withdrew. The institution is required to make a post-withdrawal disbursement within 45 days of the student's date of determination that they withdrew for grants and 180 days of the student's date of determination that they withdrew for loans.

Refunds are allocated in the following order:

Unsubsidized Federal Stafford Loan
 Subsidized Federal Stafford Loan
 Federal Parent (PLUS) Loan
 Federal Pell Grant
 Federal Supplemental Opportunity Grant
 Other Title IV assistance
 State Tuition Assistance Grants (if applicable)
 Private and institutional aid
 The student

WASHINGTON BARBER COLLEGE, INC measures progress in **Clock Hours**, and uses the **payment period** for the period of calculation.

The Calculation Formula:

Determine the amount of Title IV aid that was disbursed plus Title IV aid that could have been disbursed.

Calculate the percentage of Title IV aid earned:

- a) Divide the number of clock hours scheduled to be completed in the payment period as of the last date of attendance in the payment period by the total clock hours in the payment period.

$$\frac{\text{HOURS SCHEDULED TO COMPLETE}}{\text{TOTAL HOURS IN PRIOD}} = \% \text{ EARNED}$$

- b) If this percentage is greater than 60%, the student earns 100%.
- c) If this percent is less than or equal to 60%, proceeds with calculation.

Percentage earned (times) Total aid disbursed, or could have been disbursed =
AMOUNT STUDENT EARNED.

Subtract the Title IV aid earned from the total disbursed = **AMOUNT TO BE RETURNED.**

100% minus percent earned = **UNEARNED PERCENT**

Unearned percent (multiplied by) total institutional charges for the period =
AMOUNT DUE FROM THE SCHOOL.

If the percent of Title IV aid disbursed is greater than the percent unearned (times) institutional charges for the period, the amount disbursed can be used in place of the percent unearned.

If the percent unearned (times) institutional charges for the period is less than the amount due from the school, the student must return or repay one-half of the remaining unearned Federal Pell Grant.

Student is not required to return the overpayment if this amount is equal to or less than 50% of the total grant assistance that was disbursed /or could have been disbursed. The student is also not required to return an overpayment if the amount is \$50 or less.

Order of return of Title IV funds

A school must return Title IV funds to the programs from which the student received aid during the payment period or period of enrollment as applicable, in the following order, up to the net amount disbursed from each source:

Unsubsidized Direct Stafford Loans (other than PLUS Loans).

Subsidized Direct Stafford Loans.

Direct PLUS Loans.

Federal Pell Grants for which a return of funds is required.

Students receive a written notice clearly identifying amounts returned and to which program.

POST WITHDRAWAL:

School must get authorization from student to apply post withdrawal funds to his/her account. Funds in excess of balance owed and payable to the school must be offered to student.

WASHINGTON BARBER COLLEGE, INC sends a grant overpayment notice to student within 30 days from the date the school determined that student withdrew or received official notice of withdrawal, giving student 45 days to either:

- 1) Repay the overpayment in full to **WASHINGTON BARBER COLLEGE, INC.**
- 2) Notify the Department of Education that the student is in an over payment status or sign a repayment agreement with the Department.

Procedures to follow: RETURN OF TITLE IV FUNDS AND REFUNDS

The adoption and full implementation of the policy is that of establishing a paper trail for future review. Each step in the process should be documented by signature or initials whether you're delivering or receiving information. A calculation of this type must be performed for all students that withdraw prior to completing the prescribed program noted in the enrollment agreement. The calculation for return of Title IV funds and or institutional refunds is to be

performed by someone in the financial aid office or other person as designated by the school owner/administrator. Attendance and withdrawal information is provided to the financial aid office by personnel that track attendance and withdrawal for the purpose of performing calculations to determine earned and unearned tuition.

Students are provided with a School Catalog on or before the first day of class that includes terms and conditions relating to RETURN OF TITLE IV FUNDS AND REFUNDS. Students may not sign an enrollment agreement prior to having received consumer information; consumer information is intended to provide students with adequate and accurate information enabling them to make a wise choice in selecting a school that fits their needs. Consumer information may be provided to students through various means; printed, electronic, tic sheet, orally, etcetera. The method used to convey the information and documentation that each student received it must be documented in the student's permanent file by means of signature and or initial of student and school official. There is absolutely no excuse for failure to have this documentation in each student's folder. Familiarize yourself with policies for calculating both R2T4 and institutional refund calculations; recipients of Title IV funds must have both calculations in his/her file.

Calculations for Title IV Funds are to be performed in a timely manner and specific to student's current pay period only. All refunds will be made to applicable programs etcetera within 45 days from the student's withdrawal or date of determination.

Student's ledger card (payment history noting beginning and ending balance for each transaction including date) identifying all associated cost and each payment received, amount paid including source (Pell – Loan – Cash etc.), for federal disbursement records, reflect award year, pay period and or 1st or 2nd disbursement. Details by federal program, amount disbursed, award year and specific disbursement information will guide and aid in accurately calculating earned and unearned funds.

Attendance records: Be aware that scheduled hours specific to pay periods are the basis for calculating return of funds for Title IV and or institutional calculation. Scheduled hours are determined by the terms of the student's enrollment agreement. Simply put, an enrollment agreement noting a student is scheduled to attend 7 hours each day, count the possible calendar days of a pay period a student could have attended and multiply by the hours scheduled each day. Days for which a student was on an approved Leave of Absence may not be included in scheduled attendance. Document begin and end date for pay period; if the calculation is for a second or subsequent pay period document very carefully the date a student entered the pay period and the date the period is scheduled to end. Documentation should be clear and concise, perhaps including a page of calendar.

Cost specific to pay period: **WASHINGTON BARBER COLLEGE, INC** operates as a clock hour school and as such disburses federal funds according to pay periods. Each pay period has an established cost specific to pay periods.

Forms: **WASHINGTON BARBER COLLEGE, INC** uses forms for calculating Title IV (R2T4) provided on the U. S. Department of Education's web site. In addition to the R2T4, an institutional refund according to the school's institutional refund policy must be performed. Copies of both calculations must be kept in the student's permanent file.

Follow-up documentation: Copies of refund calculations must be delivered to the appropriate person responsible for making applicable refunds. Copies of refund checks including student

name, social security number, specific program, check date and date funds deposited back to federal program are to be kept in each student's file. Student files are to be kept in Pending status (don't file them away) until all documentation has been placed in the student's file and the process is to be completed. Prior to filing, check to ensure that all steps have been documented.

Satisfactory Academic Progress:

Process Overview & Responsibilities

To be eligible for Title IV aid, a student must maintain satisfactory academic progress (SAP) as per section 668.16(e) of HEA 1965. New SAP definitions were created in 668.34 that go into effect on July 1, 2011. The school developed policies to determine the academic standards that students are expected to meet and built a means and schedule of measuring the achievement of those Pace and qualitative standards. If the student has made acceptable Pace and qualitative progress for that particular increment, then the school reviews the 150% of the maximum allowable time frame criterion to measure student's SAP.

SAP standards are established by the Office of Academic Affairs. The relevant SAP policies are summarized below.

All students must maintain Satisfactory Progress according to the following standards in order to continue enrollment. Satisfactory Progress is measured at the end of each payment period, and will be checked prior to disbursement of aid.

Same As or Stricter Than:

The school's SAP policy for Title IV students is the same as the school's standards for students enrolled in the same educational programs who are not receiving Title IV aid.

The Director in the financial aid office reviews the Title IV SAP policy to ensure it meets all federal requirements. The Director of Academic Affairs notifies financial aid office if the school changes its academic policies.

Financial Aid Warning:

The school evaluates Satisfactory Academic Progress at the end of each payment period. If a student falls below a 2.0 GPA or if the student is not completing the required amount of hours/credits to keep Pace with the requirements for graduation within the 150% time frame; the student will be placed on financial aid warning for one payment period. If they are still not meeting SAP at the end of the warning period, the student maybe placed on Financial Aid Probation. (See "Financial Aid Probation" below.) A student who is put on a Financial Aid Warning can continue to receive Title IV aid for the next payment period after they receive the warning status. The status will be conferred automatically without the student appealing their SAP status.

If the student does not make SAP at the end of the financial aid warning period, they lose their financial aid eligibility. The student has the opportunity to have their financial aid eligibility reinstated by appealing the decision and being placed on Financial Aid Probation.

Financial Aid Probation:

When the student does not make SAP at the end of the next payment period, the student is now informed that they can appeal and must win the appeal to be placed on Financial Aid Probation. The student must advise the school as to why his/her grades have fallen below SAP and devise a plan to improve grades during the next payment period. A plan must be developed to assist a student to achieve success in the coming payment period.

A student may file an appeal due to a death in the family, illness, or other serious reasons. The appeal must be in writing to the Dean explaining what caused the problem. The student would have to submit how circumstances have changed that will allow him/her to attain satisfactory academic progress once the probationary period is over.

The student will receive a written decision as to the status of their appeal and any SAP plan that may be attached to it.

Students on financial aid probation, who fail to make satisfactory academic progress by the next payment period, will lose their financial aid eligibility.

Pace Measure of Satisfactory Academic Progress (SAP)

The school's satisfactory academic progress policy must contain a Pace (quantitative) measure. The policy defines the pace that our students must progress to ensure educational program completion within the maximum time frame of 150%. For an undergraduate program measured in credit hours, the maximum time frame would be 150% of the published length of the educational program as measured in credit hours. For clock hour schools, the maximum time frame is no longer than 150% of the published length of the educational program as measured in the cumulative number of clock hours the student is required to complete.

Timeframe - All students must satisfactorily complete their program within 150% of the normal timeframe.

<u>Certificate</u>	Normal	Maximum Program
Barber	<u>Timeframe</u>	<u>Timeframe</u>
	43 weeks	65 weeks
Barber Instructor	18 weeks	25 weeks

At the midpoint of the maximum time frame, students must have successfully completed 1/2 of the program's clock hour requirements. For example: The maximum time frame for the Barber program (27 HPW is 65 weeks). The total clock hours needed for completion of this program is 1500 hours. By the time the student has been in the program for 32.5 weeks (1/2 of the maximum time frame), they must have earned at least 750 hours. This time frame is applicable for all students including those who did not receive financial aid.

To calculate PACE take the cumulative number of hours the student successfully completed divided by the cumulative number of hours the student attempted. So if we take a clock hour school with a 900 hour program, at the end of each payment period the student is expected to have attempted 450 hours and completed 450 hours to complete the program within the allotted normal time frame of 30 weeks. If the student only successfully completed 300 hours we would divide 300 by 450 or 67%. Based on this, we must determine if a student could complete the program within 150% of the time allotted for the program, or 45 weeks. The student has 30 weeks remaining and could complete the remaining 600 hours within the time frame. So the student is making satisfactory pace progress.

The students who have failed to meet the Pace standards are placed first on Financial Aid Warning; if there is no improvement over the next payment period, they may appeal the decision and be placed on financial aid probation. The Director of Financial Aid in coordination with the Office of Academic Affairs monitors Pace progress.

Qualitative Measure of Satisfactory Academic Progress (SAP)

As per sections 668.16(e) (2) (i) and 668.34 of HEA 1965, WBC follows a qualitative measure. The measurement is graduated. The following policy provides a detailed description of how qualitative progress is monitored and by whom. The school realizes that, oftentimes, students must make an adjustment to the academic demands of pursuing an education. The financial aid office receives quantitative information about Title IV recipients from the Office of Academic Affairs. The quantitative SAP is reviewed manually and a copy of the latest transcript is kept in students file. The office of financial aid notifies students in writing of their progress or lack thereof at the end of each payment period. The students GPA must be high enough to be able to reach graduation standards.

Grading System

The grading scale for our Programs are as follows:

<u>Numerical Scale</u>	<u>Letter Grade</u>	<u>Points</u>
93 - 100	A	4.0
85 - 92	B	3.0
77 - 84	C	2.0
70 - 76	D	1.0
69 - Below	F	0.0
W	Withdrawn	0.0
I	Incomplete	0.0

Pass - Satisfactory completion of non-graded Externship.

Fail - Unsatisfactory completion of non-graded Externship.

The student must maintain a 2.0 GPA at the end of each payment period to maintain Qualitative academic progress.

The students who have failed to meet the Qualitative standards are placed first on Financial Aid Warning; if there is no improvement over the next payment period, they may appeal the decision and be placed on financial aid probation. The Director of Financial Aid in coordination with the Office of Academic Affairs monitors qualitative progress.

Financial Aid Probation may be for one term or multiple terms based on an academic plan.

Transfer Students:

The School will count transfer hours/credits that apply toward the student's current program in determining SAP. Transfer hours will be counted as both hours attempted and hours completed. A student who changes their program will be considered as a transfer student into the new program.

Withdrawals:

A student who withdraws from a course and receives a "W" in the course will have that course counted in the Pace component of Academic Progress.

Incompletes:

A student who receives an incomplete in a course must complete the course within 60 days or the "I" grade automatically changes to an "F".

Repeated Courses:

If a student repeats a course, only the highest grade will be counted and previous grades will be deleted. The previous grades will be excluded when considering the qualitative progress standard, but the credits will be counted when determining the SAP Pace standard.

If a student receives a "D" grade or better, and the student retakes the course to obtain a better grade, that course can be counted for the enrollment period. However, a full-time student may only take one repetition of a previously passed course or any repetition of a previously passed course due to the student failing other coursework and still receive Title IV aid.

If a student receives an "F" grade in a course and retakes the course so he/she may obtain credit for the course, the course is counted for the enrollment period and may be counted for financial aid purposes.

Increments

To ensure the student is making sufficient progress both quantitatively and qualitatively, the school's SAP policy divides the maximum time frame into equal evaluation periods called increments. These increments generally coincide with payment periods. But in any case it cannot be longer than half the program or one academic year, whichever is less. For example in a 900 hour/year program, See sections 668.16(e) (2) (ii) (B) and 668.34(e) of HEA 1965 for details on the federal regulations.

If a student is absent 10 consecutive days they will be automatically dropped from the program.

Student Appeal Procedures

A student that wishes to appeal a disciplinary action and/or decision made in reference to the Satisfactory Academic Progress policy, must submit a typed letter to the Program Director. This letter must contain information about the student's reason regarding the action and/or decision and reasons why the student is wishing to appeal. Students must provide supportive documentation along with their letter in order to support their position and any mitigating circumstances that may have existed. The Program Director will hear any student who disagrees with a SAP decision, on an appointment basis only.

The student will be notified of the Program Directors decision within fifteen (15) business days following the receipt of the student's appeal letter; additional time may be taken to thoroughly review student's appeal. A student, who wishes to appeal any SAP decision made by the Program Director, must submit a typed letter to the President with supportive documentation explaining the reason why the student is wishing to appeal the decision. The President will notify the student within fifteen (15) business days of the receipt of the letter; additional time may be taken to thoroughly review student's appeal. The President's decision shall be final.

Reinstatement

A prior student requesting to be reinstated as an active student, based on whatever reasons or circumstances, should do so in writing. Supportive documentation and/or information concerning any mitigating circumstances should be noted in the request. The student shall be notified of the Reinstatement Review within 5 days following the decision of School Director.

Misrepresentation

Under the General Provisions regulations the Department may fine, limit, suspend, or terminate the participation of any school that substantially misrepresents the nature of its educational program, its financial charges, or the employability of its graduates.

Misrepresentation is any false, erroneous, or misleading statement(s) made to a student or prospective student, to the family of an enrolled or prospective student, or to the Department. This includes disseminating testimonials and endorsements given under duress. *Substantial Misrepresentation* is any misrepresentation on which the person to whom it was made could reasonably be expected to rely, or has reasonably relied, to that person's detriment.

Misrepresentation of the educational program includes, among other things, false or misleading statements about the school's accreditation or the school's size, location, facilities, or equipment.

Misrepresentation of financial charges includes, among other things, false or misleading statements about scholarships provided for the purpose of paying school charges. To be considered a scholarship, a grant must actually be used to reduce tuition charges made known to the student before the scholarship was offered to the student. (The tuition charges refer to charges that are applied to all students whether or not they are receiving a scholarship). It is also considered misrepresentation if the school gives false or misleading information as to whether a particular charge is a customary charge for that course at the school.

Misrepresentation includes making any false or misleading statements about the employability of the school's graduates.
